RE: Lower Nonion Struma Sand, Reservoir D & E

Docket Nos: 04-668 and 04-669
Hearing Date: July 27, 2004

Dear Commissioner Welsh:

Masters Oil & Gas, Inc. held a pre-hearing conference on May 20, 2004. An application was filed on that same date and the hearing is scheduled for July 27, 2004 under Docket Nos. 04-668 and 04-669. Since the filing of the application, seven of the represented parties at the conference have been able to reconcile their differences and enclosed is the compromised plan for the two above referenced units.

As provided in the Revised Rules of Procedure of the Commissioner of Conservation, Masters Oil & Gas, Inc. will immediately schedule a tentative pre-hearing conference to discuss the revised plat if such conference is requested upon receipt of the letter by an interested party.

Very truly yours,

Frank W. Harrison, Jr.
